February 3, 2005

Dr. Youn-Kwan Kim Chairman, 3GPP2 Steering Committee
Clif Barber 3GPP2 OMA Liaison Officer

Subject: OMA IPR Policy practical execution

Dear Dr. Kim,

As a follow-up to my letter on December 14,2004 regarding practical implementation of the new OMA IPR Policy, I would like to inform you on the recent developments of the matter in OMA.

OMA has completed the inventory of the pre-2005 specifications as part of the practical implementation of the new OMA IPR policy, and the OMA Board Directors have approved these to be governed under the new IPR policy. I have attached the inventory, approved by the OMA Board of Directors, with this letter for your information since we understand that the list of specifications that were subject to this process would be important information for you.

It is our hope that this will address your concerns regarding the new OMA IPR Policy applicability to all OMA specifications, and we can continue our good cooperation in the technical front.

Sincerely,
Jari Alvinen
Chairman of the Board
