USA

**Our ref:** C2005-032

**Subject:** Copyright authorization from ETSI in response to a request from Open Mobile Alliance to reproduce 3GPP TS 22.140 and TS 23.140 Rel-6 for the continuing development of the Multimedia Messaging Service

Dear Mr Newberry,

I acknowledge that OMA has reached an agreement with 3GPP™ (and 3GPP2) on MMS that all future MMS network-agnostic work be carried out only in OMA (specifically in OMA-MWG-MMSG), and I note that you have sent a similar request to 3GPP2.

On behalf of the Third Generation Partnership Project (3GPP™), ETSI is pleased to hereby grant you the right to reproduce free of charge, without modification, the document listed in the Annex of the present letter, to create derivative documents for the OMA MMS V1\_4 Enabler Release and further OMA MMS Enabler Releases, provided that you insert the following paragraph, wherever appropriate:

3GPP™ TSs and TRs are the property of ARIB, ATIS, ETSI, CCSA, TTA and TTC who jointly own the copyright in them. They are subject to further modifications and are therefore provided to you "as is" for information purposes only. Further use is strictly prohibited.

Notwithstanding the above, I understand that the intention of OMA is to maintain Rel-6 and earlier MMS by writing Change Requests which will be presented to, and approved by 3GPP™; and that OMA intends to use the entire TS 22.140 and TS 23.140 Rel-6 for the purpose of development of MMS *beyond* Release 6.

Please note that:

- The Third Generation Partnership Project (3GPP™) is not a legal entity;
- 3GPP TSs and TRs are not stable by nature and therefore may be subject to modifications;
- 3GPP TSs and most TRs are, by nature, intended to be transposed into Deliverables of the regional recognised standards developing organizations.

As a result, the present authorization can only be granted for the 3GPP™ TRs and TSs "as is".

Should the above information fall under patent protection, the present copyright authorization is not to be construed as an authorization to use and/or implement patent information without fulfilling any attached obligations.

Yours sincerely,

A handwritten signature in black ink, appearing to be "K. Rosenbrock", written in a cursive style.

Karl Heinz Rosenbrock  
Director-General

P. P. *Stephane  
Frencher*

**Annex to C2005-032**

**3GPP™ Technical Specifications and Technical Reports:**

- 3GPP TS 22.140 v6.7.0 published as ETSI TS 122 140 v6.7.0
- 3GPP TS 23.140 v6.10.0 published as ETSI TS 123 140 v6.10.0

ETSI publications are available from <http://pda.etsi.org/pda/>.

You can find more information on the 3GPP Release system at: <http://www.3gpp.org/specs/releases.htm> and can determine the current version of any specification via <http://www.3gpp.org/specs/numbering.htm>, together with its equivalent ETSI publication (if any).
