**E-mail Address:** glen.scales@att.com

**1. Overall Description:**

PTCRB would like to thank OMA IOP for its LS on Automation of Conformance testing of OMA Enablers. We see the benefits of having AT Command capability for Application Enabler as a means by which we can be more efficient in our testing and help expedite products to the market place with a predictable user experience.

PTCRB would be interested in following your progress on this initiative.

**2. Actions:**

Since the intent of this initiative is to rely on standardized AT Command sets, PTCRB is curious as to whether this AT Command development will occur within OMA or within 3GPP working groups. PTCRB kindly requests information as to how this proposed development project will proceed.

**3. Date of Next PTCRB Meetings:**

PTCRB #56	June 22 – 25, 2009	Vancouver, Canada
PTCRB #57	September 14 – 17, 2009	Minneapolis, Minnesota
