---

Greetings,

TCG Trusted Mobility Solutions (TMS) WG sends its greetings to Open Mobile Alliance. The purpose of this Liaison Statement is to send an informal response and interim status update on the draft Cooperation Agreement that was sent to TCG by Open Mobile Alliance on 22 October 2014.

At the request of the TCG Board, the draft Cooperation Agreement was reviewed in November and December by TCG legal staff. The draft Cooperation Agreement was discussed by the TCG Board on 15 January 2015 – since there were additional comments by TCG Board members, there will be some further delay in a formal response from the TCG Board.

TCG TMS WG will encourage the rapid completion of TCG Board discussions on the draft Cooperation Agreement.
