

TestFest Evaluations

- | | | |
|-------|-------------|--|
| 1 | Box | Which Enabler are you testing - Client or Server |
| 2 | 0-5 | Please rate the overall facilities of the test rooms provided at the Vodafone Lab |
| 3 a,b | 0-5 | Please rate the LAN /IT Infrastructure provided in the Test Rooms |
| 4 a-f | 0-5 | Please rate the Host Infrastructure provided in the Test Rooms |
| 5 | 0-5 | Please rate the amount of effort needed to connect to the Host's Infrastructure |
| 6 | 0-5 | Please rate the support provided by the Host's engineers at the event |
| 7 | Text | Do you have any General Comments about the Lab/Test Room facilities provided for the event? How could they be improved? |
| 8 a,b | 0-5 | Please rate the level of catering provide for participants at the TestFest |
| 9 | 0-5 | Please rate the quality of the on-line information provided for the TestFest |
| 10 | 0-5 | Please rate the ease of use of the on-line registration system for the TestFest |
| 11 | 0-5 | Please rate the quality of information provided by email after the close of registration |
| 12 | 0-5 | Please rate the quality of information provided in the on-line welcome pack |
| 13 | Text | What improvements do you think OMA could make to the announcements and registration to improve the effectiveness of the TestFests? |
| 14 | 0-5 | Please rate the support provided by the OMA staff in the setup and running of the TestFest |
| 15 | 0-5 | Please rate the effectiveness of the results gathering managed by the Trusted Zone |
| 16 | 0-5 | Please rate the quality of the hotels recommended by OMA for the TestFest Participants |
| 17 | 0-5 | Please rate the value for money of the hotels selected by OMA for the TestFest |
| 18 | 0-5 | Please rate the value of the sightseeing tour held on Sunday |
| 19 | 0-5 | Please rate the value of the social event held on Tuesday evening |
| 20 | Text | What is the single most important improvement that OMA should do to improve the TestFests for you and your company |
| 21 | 0-5 | Please rate the overall benefit to you and your company of attending the TestFest |
| 22 | 0-5 | Please rate the overall organization of the TestFest |
| 23 | Text | Do you have any other comments on this TestFest or the OMA TestFest program in general |

TestFest Evaluations

TestFest-20.5	Person Commenting	Q	Comments Provided
7. General Comments about Lab/Test Room			
	3	7	Lots of Machines, Lots of people - gets a little warm
	13	7	Have a few more tables
	15	7	Keep multicast video traffic out of the server LAN!
	18	7	Less Cake, more fruit and sandwiches next time!
	25	7	Need more seats & chairs
	27	7	ESG and Service & Content Protection Testing should be separated
13. OMA Improvements to Registration			
	13	13	Should be a simple means to change attendees name and email
	18	13	Provide as much info as possible in advance e.g. Smartcard Data
	20	13	If companies claim to test features they should do it. Please make it sure in the future
	25	13	Takes Longer time about Pre-Test/Set-up Term
18. Hotel Selected			
	3	18	Holiday Inn City Centre
	4	18	Amber Hotel - Hilden
	5	18	Gunnewig
	6	18	Lindner AP Hotel
	8	18	Hotel Lindner
	13	18	Cheaper one! Astoria Hotel
	14	18	Sorat
	15	18	Park Inn
	18	18	Sorat
	22	18	(Gunnewig) Esplanade
	23	18	Holiday Inn
	24	18	Holiday Inn
	26	18	Radisson
	28	18	Sorat
20. Overall			
	3	20	I don't know too much politics and subterfuge - diminishes value of attending a TestFest
	4	20	The scheduling must take into account interoperability between servers (not only client/server interop)
	5	20	1. Actual free adhoc session at the beginning 2. better test organisation & resorting mechanism
	8	20	Testing schedules were random ie who is testing against who
	13	20	Make "service protection" specific sessions
	18	20	Provide information about Smartcard IP Addresses etc in printed form
23. Other Comments			
	5	23	It might be a good idea to prune out test cases which arent relevant because no one implements the feature

TestFest Evaluations

TestFest-20.5	Person Commenting	Q	Comments Provided
	13	23	Fine Tuning is required on(?) the Test card credentials - maybe a "generic" key set should be required for 01 card per vendor in order to have the same card(keys) from all cards vendors
	20	23	Smartcard Testing was not scheduled properly with Nokia Servers. Most of the clients had left when it was scheduled and with those with whom it was scheduled, their implementation wasn't ready. So Nokia is a bit dissapointed as far as client testing is concerned
	25	23	Clients are so busy and so difficult to test
	27	3	<i>Multicast Traffic between client & server required</i>
